

Toronto's Village of Murals

OUTDOOR ART GALLERY MAP

(Murals painted 2004-2018)

In the five blocks along Dundas Street West between Islington and Kipling Avenues you will find an outdoor art gallery. Building-sized murals in the Village of Islington Business Improvement Area (BIA) are funded by business and commercial property owners and the City of Toronto, and created with Benjamin Moore paint donated by Village Paint.

The Etobicoke Historical Society and Montgomery's Inn have contributed to concept development and community engagement in this award-winning, accessible mural art. The year round BIA tour guide program, spring Jane's Walk and Doors Open Toronto events allow the public to participate in activities that feature the artwork in the area. Take a self-guided tour today or book a free guided mural tour for groups of 10 or more people.
